

WZ-40

Cleans, oils, preserves, solves residues and adhesives and loosens extremely difficult stains. It dissolves the jammed parts due to rust. It penetrates deeply into rusty surfaces and helps to loosen. Penetrates easily. It spreads and adheres very well to surfaces. Protects the surface against external factors by penetrating even into the narrowest and most congested places. It repels water and moisture. It is used as excellent water repellent in automotive and shipbuilding industries, electrical contacts, motors where water and moisture are not desired. Protects against corrosion. Provides silent operation for a long time by eliminating squeaking noises.

PRODUCT NAME	PIECES IN BOX
WZ-40	36 PCS
WZ-40	24 PCS
WZ-40	4 PCS
WZ-40	1 PCS

ANTI-FREEZE CONCENTRATED GLASS WATER

It ensures a safer vision under every driving condition and prevents the water of the spraying system and the water floss tank from freezing. It enables wipers to function perfectly and wipes off the dust, bugs, oil, and traffic stains. It doesn't harm the plastic and metal parts. It is for seasonal use.

PRODUCT NAME	PIECES IN BOX
250 ML ANTI-FREEZE CONCENTRATED GLASS WATER -60	24 PCS
1 LT GLASS WATER -30	12 PCS
3 LT GLASS WATER -30	6 PCS
5 LT GLASS WATER -30	4 PCS
1 LT GLASS WATER -50	12 PCS

2K CYANOACRYLATE ACTIVATOR

Two component rapid glue. Activator increases sticking strength by preventing the glue from being absorbed by the surface. It is used for gluing wooden profiles, MDF, rubber, chip wood, plastic and rubber, repairing and fixing of wooden parts.

PRODUCT NAME	PIECES IN BOX
400 ML 2K CYANOACRYLATE ACTIVATOR	24 PCS
200 ML 2K CYANOACRYLATE ACTIVATOR	48 PCS

INSULATING TRANSPARENT

Covers the surfaces it is applied to, and increases the insulation resistance of the electrical and electronic devices. It forms a waterproof and impermeable layer and provides protection against corrosion and oxidization. May be applied in various areas including coils, cables, traffic lights, all types of electrical motors, billboards, parking barrier systems, maintenance of military vehicles and weapons, sea transportation etc.

PRODUCT NAME	PIECES IN BOX
400 ML INSULATING RED SPRAY	24 PCS
400 ML INSULATING TRANSPARENT SPRAY	24 PCS

MOULD SHIELD

It provides a long-lasting protection for metals against corrosion and dries out quickly. It sticks to all metals. It creates a smooth and full layer. If it is used for coating of damaged, drilled and torn surfaces, by cutting off the contact with air and prevents corrosion. It builds a layer that provides protection of metal against the effects of water and weather.

PRODUCT NAME	PIECES IN BOX
500 ML MOULD SHIELD	24 PCS

WAX SHIELD

It is product that protects metals from oxidation and rusting. It creates a light colored thin layer of wax on the metal. This preventative layer can be easily removed with help of solvents.

PRODUCT NAME	PIECES IN BOX
500 ML WAX SHIELD	24 PCS
20 LT WAX SHIELD	1 PCS

MAG WELDING

Contains non-flammable ingredients and propellant, therefore it can be safely used for welding. It prevents to stuck slags on to the torch and working parts. Do not use on the surfaces that will be painted after welding. Can be efficiently used for all gas welding in wide temperature ranges.

PRODUCT NAME	PIECES IN BOX
400 ML MAG WELDING SILICONE (FIREPROOF)	24 PCS
400 ML MAG WELDING NON-SILICONE (FIREPROOF)	24 PCS

LEAK DETECTION FOAM

Used on tears or porous points to find leaks in pressurized installations in a rapid, comfortable and reliable way. Used in all areas operated by compressed air, natural or liquid gas as well as faucets, screw connections and all areas where leakage may occur. Makes high contributions to safety in air breaks and gas lines. Leak Detection Foam can be used for dangerous connections with gases such as carbon dioxide (CO₂), propane, butane, acetylene, oxygen, city gas or natural gas.

PRODUCT NAME	PIECES IN BOX
400 ML LEAK DETECTION FOAM	24 PCS

V - BELT

Helps V-Belts and other belts to adhere the surfaces with a suitable friction coefficient. Eliminates the squeaks from slipping belts. Extends the belt life. Does not contain chlorinated solvents that damage drive belts. Makes sure the system functions well and helps with high efficiency power transfers. Repels the water and humid away so it can also be used in belts operating in the open.

PRODUCT NAME	PIECES IN BOX
400 ML V - BELT	24 PCS

RUST REMOVER

Can be used on all metal surfaces effected by rust due to water and humidity. It's mainly used on stuck nuts, bolts, hand tools, hunting equipment, bicycle and motorcycle parts, door and wardrobe hinges and all metal surfaces. Forms a thin layer after removes the rust to help delay rusting in future. Not harmful any plastic surfaces.

PRODUCT NAME	PIECES IN BOX
400 ML RUST REMOVER	24 PCS
200 ML RUST REMOVER	24 PCS
5 LT RUST REMOVER	4 PCS
30 LT RUST REMOVER	1 PCS
400 ML $M_{O}S_{2}$ RUST REMOVER	24 PCS
5 LT $M_{O}S_{2}$ RUST REMOVER	4 PCS
30 LT $M_{O}S_{2}$ RUST REMOVER	1 PCS

MOULD RELEASE

Contains non-flammable ingredients and propellant. It is used for moulding polyethylene, Polypropylene, HIPS, Acrylics, Polyurethanes, Bakelite, Polyesters, Cellulose, SBR, Natural Rubber, Nitrile, Neoprene, Fluorosilicate Polymers, etc. It's advised to be used at small and thin plastic part's moulds. It reduces friction by forming a thin film layer that does not stick and hold. It has tolerance for both high and low temperatures.

PRODUCT NAME	PIECES IN BOX
500 ML FREE MOULD RELEASE (FIREPROOF)	24 PCS
500 ML FREE MOULD RELEASE (FIREPROOF)	24 PCS
500 ML FREE MOULD RELEASE SILICONE	24 PCS
500 ML FREE MOULD RELEASE NON-SILICONE	24 PCS
500 ML ŞEFFAF FREE MOULD RELEASE NON-SILICONE	24 PCS

Additives

DPF CLEANER

It is developed for cleaning of dirty particles from filter. It brings NOx and burning values to standard. It helps to reduce power loss due to congestions. It helps to solve DPF defects and problems. It normalizes regeneration process.

PRODUCT NAME	PIECES IN BOX
1 KG DPF CLEANING DIESEL FUEL ADDITIVE – KOMP-1	12 PCS
1 KG DPF CLEANING DIESEL FUEL ADDITIVE – KOMP-2	12 PCS

BLUE ANTIFREEZE 1.5 LT

This product prevents corrosion. Increases the freezing and boiling point. Long lasting antifreeze based on ethylene glycol and special additives. In modern vehicles that use light alloys and feature aluminum-containing engines, this product provides excellent protection of metals. Protects the engine cooling system from freezing, boiling, corrosion and abrasion.

PRODUCT NAME	PIECES IN BOX
1,5 LT BLUE ANTIFREEZE -40	12 PCS
1,5 LT BLUE ANTIFREEZE -56	12 PCS

RED ANTIFREEZE 1.5 LT

This product prevents corrosion. Increases the freezing and boiling point. Long lasting antifreeze based on ethylene glycol and special additives. In modern vehicles that use light alloys and feature aluminum-containing engines, this product provides excellent protection of metals. Protects the engine cooling system from freezing, boiling, corrosion and abrasion.

PRODUCT NAME	PIECES IN BOX
1,5 LT RED ANTIFREEZE 1.5 LT -40	12 PCS
1,5 LT RED ANTIFREEZE 1.5 LT -56	12 PCS

ENGINE STARTER

Spray that provides easy start for gasoline and diesel engines that have trouble starting for various reasons. It is used for starting problems of cars, trucks, motorcycles, gasoline lawn mowers, marine vehicles' liquid fuel engines.

PRODUCT NAME	PIECES IN BOX
200 ML ENGINE STARTER	24 PCS

BLUE ANTIFREEZE 3 LT

This product prevents corrosion. Increases the freezing and boiling point. Long lasting antifreeze based on ethylene glycol and special additives. In modern vehicles that use light alloys and feature aluminum-containing engines, this product provides excellent protection of metals. Protects the engine cooling system from freezing, boiling, corrosion and abrasion.

PRODUCT NAME	PIECES IN BOX
3 LT BLUE ANTIFREEZE -40	4 PCS
3 LT BLUE ANTIFREEZE -56	4 PCS

SMOKE STOP LEAK

It is the new generation additive, which balances the oil viscosity of the engine at high temperatures to help preventing the oil burning. It tunes the coefficient of oil friction, reduces knocking and abrasion. It also reduces exhaust smoke and oil burning.

PRODUCT NAME	PIECES IN BOX
400 ML SMOKE STOP LEAK	24 PCS

ADDITIVE FOR PARTICLE FILTER

The particulate filter in diesel vehicles is a filter used to reduce fuel emission. **How To Use:** In new generation diesel vehicles, in order for the diesel particle filter to clean itself, a liquid spray is applied to the particle filter with the help of a separate tank.

PRODUCT NAME	PIECES IN BOX
1 LT ADDITIVE FOR PARTICLE FILTER	1 PCS

BLUE ANTIFREEZE 1.5 LT

This product prevents corrosion. Increases the freezing and boiling point. Long lasting antifreeze based on ethylene glycol and special additives. In modern vehicles that use light alloys and feature aluminum-containing engines, this product provides excellent protection of metals. Protects the engine cooling system from freezing, boiling, corrosion and abrasion.

PRODUCT NAME	PIECES IN BOX
1,5 LT BLUE ANTIFREEZE -40	12 PCS
1,5 LT BLUE ANTIFREEZE -56	12 PCS

RED ANTIFREEZE 3 LT

This product prevents corrosion. Increases the freezing and boiling point. Long lasting antifreeze based on ethylene glycol and special additives. In modern vehicles that use light alloys and feature aluminum-containing engines, this product provides excellent protection of metals. Protects the engine cooling system from freezing, boiling, corrosion and abrasion.

PRODUCT NAME	PIECES IN BOX
1,5 LT RED ANTIFREEZE 1.5 LT -40	12 PCS
1,5 LT RED ANTIFREEZE 1.5 LT -56	12 PCS

ENGINE OIL ANTI LEAK

Engine Oil Anti Leak is an oil soluble supplement designed to stop and prevent engine oil leaks without dismantling. **Features:** Stops and prevents oil leaks without dismantling. Revitalizes rubber and neoprene seals of crankshaft, camshaft and valve systems. Compatible with all mineral, synthetic, single and multi grade oils. Does not harm catalytic converters. Does not affect oil quality or viscosity.

PRODUCT NAME	PIECES IN BOX
300 ML ENGINE OIL ANTI LEAK	24 PCS

TRANSMISSION ADDITIVE FLUID

Transmission Oil Additive Fluid is formulated with smart additives and high technology lubricants. It is designed to provide high temperature resistance to protect the synchromesh and gears. One tube is sufficient for transmission and differential in passenger cars. It is used in mechanisms operating with excessive pressure such as differential, gearbox, gear groups, eccentric presses, rear axles, worm screws. In vehicles with high oil capacity, it should be used up to 5-10% of the capacity. It is suitable for use in all seasons. **Benefits:** With its high technology smart components, gearshifts are smoother. It reduces extreme heat and noise in system. It also reduces power loss in drivetrain and provides less friction in bearings and gears. Also minimizes oxidation and smoothens surface. It ensures that the power generated by the engine is transmitted to the wheels without loss and reduces the wear response. Prevents corrosion and leakings in gears.

PRODUCT NAME	PIECES IN BOX
300 ML TRANSMISSION ADDITIVE FLUID	24 PCS

DIESEL PERFORMANCE IMPROVER

This product is an additive that boosts diesel fuel performance, helps to prevent occurrence of residues in the combustion chamber and injection system. Does not contain chemicals such as acid, sulfur and phosphor. Contributes to fuel calorie value in terms of engine tolerance measurements. Ensures excellent combustion by keeping the fuel flow paths clean. **Areas Of Usage:** Suitable for atmospheric, turbo and common rail, all diesel fuel engines according to Euro(EC) norms.

PRODUCT NAME	PIECES IN BOX
300 ML DIESEL PERFORMANCE IMPROVER	24 PCS

CONTRIBUTION OF LPG FUEL

Fuel additive specifically developed for vehicles that have an injection system and use LPG system but are powered by gasoline at the first start. In addition to its carbon cleaning functions, it is an additive that helps to solve problems in the vehicles that use LPG system such as valve dryness and extra oil carbon deposits of throttle valve and to prevent formation.

PRODUCT NAME	PIECES IN BOX
300 ML CONTRIBUTION OF LPG FUEL	24 PCS

ENGINE FLUSH

It enables the carbon, soot and dirt accumulated in the engine that cannot be prevented by the oil filter to be removed from the engine with the old oil. It ensures that the engine runs healthy. It prevents contamination of new oil. It increases the performance of the new oil and extends the life of the oil and engine. **How To Use** : It is added to the dirty oil before the oil change. The engine is run at idle speed for 10 minutes. The oil is changed along with the oil filter. **Caution**: Since there is a lot of pollution in vehicles with oil mileage, the cartel oil strainer is likely to clog. It is recommended to check the strainer during oil change.

PRODUCT NAME	PIECES IN BOX
300 ML ENGINE CLEAN FLUSH	24 PCS

DPF CLEANING DIESEL FUEL ADDITIVE

It is developed for cleaning of dirty particles from filter. It brings NOx and burning values to standard. It helps to reduce power loss due to congestions. It helps to solve DPF defects and problems. It normalizes regeneration process.

PRODUCT NAME	PIECES IN BOX
300 ML DPF CLEANING DIESEL FUEL ADDITIVE	24 PCS

Eter Sprey

OIL ADDITIVE

Wear and friction lubricant additive for gasoline and diesel engines. Superior formula with additives in addition to the standard oil additive contents. Suitable for use in mineral and semi-synthetic oils.

Benefits Of Use Increases the high temperature resistance of the oil. Oil coefficient of adherence increases. It is an auxiliary product in eliminating wear and reducing fuel consumption. It can be used in vehicles with Catalytic Converter and Diesel Particulate Filter (DPF).

PRODUCT NAME	PIECES IN BOX
300 ML OIL ADDITIVE	24 PCS

RADIATOR CLEANER

It does not contain acid unlike other products in the market. Does not damage the rubber hose or aluminum parts in your vehicle. Cleans oil and dirt by dissolving.

PRODUCT NAME	PIECES IN BOX
300 ML RADIATOR CLEANER	24 PCS
450 ML RADIATOR CLEANER	24 PCS
750 ML RADIATOR CLEANER	24 PCS

DIESEL FUEL ANTIFREEZE

It prevents the fuel from freezing and gelling. It makes the engine to work easier in cold weather. It regulates the fuel cetane and the viscosity (fluidity), and provides healthy burning. It has antiparaffin (which prevents paraffinization) additive. It helps to solve problems such as vibrating operation caused by diesel oil and emission of sooty smoke.

PRODUCT NAME	PIECES IN BOX
300 ML DIESEL FUEL ANTIFREEZE	24 PCS

CARBON CLEAR CONTRIBUTION OF GASOLINE FUEL

Provides good combustion of fuel. Increases octane. Regulates idle. . Ensures an easy start for the engine in cold weather. Decreases fuel consumption. Reduces exhaust fumes and pollution. **Areas Of Usage:** Can be used in all petrol-fueled injection and carburetor vehicles. **How To Use:** Use one bottle of product (300 ml) for 45-60 L gasoline. If you want to use more additive, set the additive amount according to fuel amount. Does not damage the catalyst.

PRODUCT NAME	PIECES IN BOX
300 ML CARBON CLEAR CONTRIBUTION OF GASOLINE FUEL	24 PCS

CARBON CLEAR CONTRIBUTION OF DIESEL FUEL

Prevents the fuel from gelation and freezing. Ensures an easy start for the engine in cold weather. Provides good combustion of fuel. Increases engine power and fuel saving. Cleans the remains. Reduces power loss in the motor and maintenance costs. Also reduces exhaust fumes and pollution. **Areas Of Usage:** Can be used in all diesel vehicles which are running on turbo, common rail, t common rail and atmospheric. **Application:** Use one bottle of the product (300 ml) for 45-60 L gasoline. If you want to use more additive, set the additive amount according to fuel amount. Does not damage the catalyst.

PRODUCT NAME	PIECES IN BOX
300 ML CARBON CLEAR CONTRIBUTION OF DIESEL FUEL	24 PCS

STOP LEAK RADIATOR

Whatever the production material is, this product can be used safely in all types of cooling radiator. Provides extra protection with anti- corrosion properties. **Areas Of Usage:** It is used as a leak proofing agent in the perforated or cracked cooling and interior heating radiators of all internal combustion engines with water-cooling system.

PRODUCT NAME	PIECES IN BOX
300 ML STOP LEAK RADIATOR	24 PCS

BORON ADDITIVE PERFORMANCE INCREASER

It reduces the friction between moving parts by forming a nano-sized film layer with its superior Nano Boron technology. It helps to provide fuel economy, reduce the vibration and noise of the engine, and extend the working life of the engine. **Application :** It is added to the engine oil through the oil filler neck every 50,000 km while the engine is running at idle speed. One package is sufficient for vehicles that take 4 to 6 liters of engine oil. Shake the can before use. In the first use, no extra 2 should be used for vehicles over 100,000 km, and no 3 Ultra Nano Boron Performance Additive for vehicles with 200,000 km. For continuity of benefit, additive no 1 should be added once every 50,000 km after use. The above-mentioned things vary according to the age of the vehicle, mileage and usage.

PRODUCT NAME	PIECES IN BOX
250 ML BORON ADDITIVE PERFORMANCE INCREASER	24 ADET/PCS

LPG PERFORMANCE IMPROVER

LPG fuel additive formulated with inovative cleaning technologies. Cleans and lubricates. **Usage Areas:** Protects valves, keeps the entire installation clean, improves the combustion system, cleans the injectors, facilitates the cold start of the engine, prevents the vibrations caused by the residues in the injectors. In case of regular usage, improves performance of engine and decreases gas consumption by preventing residues formation.

PRODUCT NAME	PIECES IN BOX
100 ML LPG PERFORMANCE IMPROVER	24 ADET/PCS

TIRE REPAIR

Tire Repair and Inflating Spray can be used on all kinds of passenger cars, motorcycles, bicycles, light commercial vehicles or caravans. Tire Repair Spray has been produced with the property of repairing the flat tires which usually happen at the most unexpected times. You can solve the troublesome and tiring tire-changing problem practically with this spray. The Tire Repair Spray, containing a special formula that becomes vulcanized upon the contact with the air, mends your flat tire and can inflate it up to 20 psi. Tire Repair Spray mends the tires without removing them from the vehicle. It is a practical, fast and reliable product. It does not damage the tire. It stops staying on the road with a flat tire. Tire Repair and Inflator Spray is a must-have product in all vehicles, considering tough road conditions.

PRODUCT NAME	PIECES IN BOX
400 ML TIRE REPAIR	24 PCS

PIPE SEALANT

It's an anaerobic pipe sealant, which has a low to medium viscosity. Thanks to thixotropic formulation, it prevents the product from dripping before uniting the parts. It can be easily applied on threaded parts. It can be used for applications, which need resistance against pressure and oil. According to EN 751-1 standard, it is compatible to use on H type metallic thick screw linkups.

PRODUCT NAME	PIECES IN BOX
50 ML PIPE SEALANT	24 PCS

ORANGE LIQUID GASKET

They are suitable for insulation of uncoated and hard flange connections. It fills holes up to 0,25 mm. It fills hair cracks, deformations and holes on the surfaces of gaskets. It is an outstanding engineering gasket with a thermal tolerance in the range of -55°C/ +200 °C at narrow gasket area up to 0,25 mm. It is a substitute for existing solid gaskets. It is easily removable and has extraordinary chemical resistance.

PRODUCT NAME	PIECES IN BOX
ORANGE LIQUID GASKET	24 PCS

BOLT STABILIZER

High – medium strength anaerobic stabilizer, high strength indestructible bolt, screw and stud fixer. It is used for fixing bolts, screws and studs up to 1 "(25mm) in the assembly of bolt engine blocks, vibrating conveyor belts and all general equipment that are not intended to be disassembled and loosened.

PRODUCT NAME	PIECES IN BOX
50 ML BOLT STABILIZER HIGH KUVVET	24 PCS
50 ML BOLT STABILIZER MEDIUM KUVVET	24 PCS
15 ML BOLT STABILIZER HIGH KUVVET	48 PCS
15 ML BOLT STABILIZER MEDIUM KUVVET	48 PCS

AUTOMATIC DOSE RTV LIQUID GASKET

It is a fast combining one-component material for filling all surfaces that need to be sealed and corrosion gaps and ensuring sealing (also in parts assembly compositions). **Features:** -60 C to +300 C (with sudden shock thermal tolerance) has high resistance to diesel, petrol and fuel oils, oils, seawater, gas and spring, UV effects of the sun and ozone.

PRODUCT NAME	PIECES IN BOX
200 ML AUTOMATIC DOSE RTV BLACK LIQUID GASKET	24 PCS
200 ML AUTOMATIC DOSE RTV GREY LIQUID GASKET	24 PCS

SMART SPRAY

This is a special product that could be used in many areas. It could be safely used for cleaning kitchens, burned oil, counters, cupboards, bathrooms, toilets, showers, joints as well as cleaning colorful and white laundries in washing machines. It is a strong stain remover that can be used in floor and carpet cleaning, ink and nail polish stains, plastic and parts cleaning, concrete, epoxy, wood and all kinds of floors. Smart Spray has various fields of use and can be used for cleaning food enterprises, counters, tapes, vaults, machines, hooks, and all kinds of floors. This is a special product that could be used to clean and remove dirt thoroughly in meat slaughters, dairy enterprises, restaurants, catering factories and slaughterhouses. You can also use it comfortably in car interior care, seat, leather, ceiling, upholstery and exterior surfaces of cars, rim plastic parts and glass cleaning. Thanks to its special formula, it makes your job easier in deodorizing and disinfecting. It is very effective on stain removal. Tea stain, cola stain, medicine stain, bloodstain, etc. It gives effective results in difficult stains such as. Dilute 1/3 when cleaning plastic surfaces.

Note: Do not use on genuine leather.

PRODUCT NAME	PIECES IN BOX
1 LT SMART SPRAY	12 PCS

POLYMER SEALING BLEND

Leak-proof polymer protector. It is a leak-proof polymer protector for all surfaces in an automobile. It is a waterproofing product with a hydrophobic effect that gives a deep shine and has the feature of repelling water. Provides effective and long-term protection against environmental effects.

Advantages: Equipped with the latest coating technology. A long lasting product. Provides maximum protection against environmental conditions. Shows a high level hydrophobic behavior. Maintains the value of the vehicles. **Application Tool:** Soft sponge pad and microfiber clothe

How To Use: Rotary or manual

PRODUCT NAME	PIECES IN BOX
1 LT POLYMER SEALING BLEND	12 PCS

SILICONE-FREE PROTECTION SEALANT

Protector, leak-proof without silicon. Long lasting high performance. Removes capillary scratches and holograms apart from forming a thin layer protecting the surface. Delays the scum residues, creates a bright and shiny surface. **Advantages:** Equipped with the latest coating technology. A long lasting product. Provides maximum protection against environmental conditions. Shows a high level hydrophobic behavior. Maintains the value of the vehicles. **Application tool:** Soft sponge pad Microfiber cloth **How To Use:** Rotary or manual

PRODUCT NAME	PIECES IN BOX
1 LT SILICONE-FREE PROTECTION SEALANT	12 PCS

SHOW CAR FINISH

A great product for a shiny look; worthy of showrooms. This product cleans wax residues, micro scratches and holograms, offers the perfect level of shine. **Application tool:** Solid sponge pad, lamb wool

PRODUCT NAME	PIECES IN BOX
1 LT SHOW CAR FINISH	12 PCS

PERFORMANCE COMPOUND

A wax, providing brilliance in one-step application. Forms a thin, transparent layer. It removes 2000 sand paper scratches in a profoundly short time. Removes scratches in one step and gives brightness. Saves time.

PRODUCT NAME	PIECES IN BOX
1 LT PERFORMANCE COMPOUND	12 PCS

CUT MEDIUM POLISH

It is a great, alternative product with more scratch removal and gloss properties. It provides faster results in a middle cutting process with stronger abrasion than a normal medium cut wax.

Application Tool: Solid sponge pad, lamb wool.

PRODUCT NAME	PIECES IN BOX
1 LT CUT MEDIUM POLISH	12 PCS

HIGH PERFORMANCE COMPOUND

Maximum power wax for deep scratches. This high performance component removes the traces of heavy scratch and sand paper and it is ideal for vehicle dye and maintenance. It removes 1500 sand grade and sand paper scratches in a profoundly short time without giving harms and scums to adjacent surfaces. Special polishing components, high performance, no dust constituents, easy to use.

PRODUCT NAME	PIECES IN BOX
1 LT HIGH PERFORMANCE COMPOUND	12 PCS

RUBBER CARE

It provides care against stretching of door seals due to heat in summer and cracking in winter due to cold. Can be used on passenger cars, heavy vehicles and buses, etc. It is suitable for cleaning and maintenance of tires, door, trunk, hood areas, rubber mats or pedals. **Features:** It prevents the wear, aging, and freezing of the tires and refreshes the color. It prevents the tires from cracking in the cold winter. It prevents the tires from flexing in hot summer. It does not damage painted and chrome areas.

PRODUCT NAME	PIECES IN BOX
400 ML RUBBER CARE	24 PCS

DEFROSTER SPRAY

Melts ice on glasses to provide a safer driving experience. It prevents glasses and door locks to get icy and frosty.

PRODUCT NAME	PIECES IN BOX
250 ML DEFROSTER SPRAY	24 PCS
400 ML DEFROSTER SPRAY	24 PCS

MIST INHIBITOR

It prevents the misting on the glass and provides a sharp and clear vision. It is suitable for all glasses and mirrors, exposed to steam.

PRODUCT NAME	PIECES IN BOX
250 ML MIST INHIBITOR	24 PCS

RAIN KAY

It is a spray that prevents raindrops from holding on to the glass on rainy weather. So it assures a sharp and clear vision and thus a safer driving experience. It prolongs the life of the wipers by providing less work for them.

PRODUCT NAME	PIECES IN BOX
250 ML RAIN KAY	24 PCS

FAST CAR POLISH

This product is suitable for daily use for both professionals and amateurs. The nutritious raw materials in its content polish the paint. Its antistatic and anti roughness feature helps to delay dusting. Anti static and anti-roughness structure delays dust formation.

PRODUCT NAME	PIECES IN BOX
500 ML FAST CAR POLISH	24 PCS
500 ML FAST CAR POLISH	12 PCS
5 LT FAST CAR POLISH	1 PCS

EPOXY SURFACE CLEAN

The cleaning and concentrated substance, produced for epoxy floor cleaning. Thanks to its controllable foam, it can be applied to floor cleaning machines as well. It can be disintegrated biologically.

PRODUCT NAME	PIECES IN BOX
5 LT EPOXY SURFACE CLEAN	4 PCS
30 LT EPOXY SURFACE CLEAN	1 PCS
10 LT EPOXY SURFACE CLEAN	1 PCS

CAR WASH SHAMPOO

A special mixture that allows you to clean your vehicle without using a brush, thanks to its active ingredients. It saves water, electricity and time. With the foam it contains, there is no need for extra foaming material. It delays the dirt on the vehicle with regular use of polish.

PRODUCT NAME	PIECES IN BOX
20 LT NON-BRUSH CAR WASH SHAMPOO	1 PCS
20 LT POLISHED NON-BRUSH CAR WASH SHAMPOO	1 PCS
20 LT POLISHED BRUSH CAR WASH SHAMPOO	1 PCS
5 LT POLISHED NON-BRUSH CAR WASH SHAMPOO	4 PCS
1 LT POLISHED BRUSH CAR WASH SHAMPOO	12 PCS

INDUSTRIAL HAND CLEANING CREAM

The pH of our dermatologically tested product is neutral. Thanks to its pleasant orange scent, it also removes unwanted odors while cleaning. Provides effective cleaning thanks to its special formula. It's an environmentally friendly product: 80% of it can be dissolved in nature. Produced in accordance with the provisions of The Cosmetic Regulation on Cosmetics Act No. 5234.

PRODUCT NAME	PIECES IN BOX
500 GR INDUSTRIAL HAND CLEANING CREAM	24 PCS
3 KG INDUSTRIAL HAND CLEANING CREAM	6 PCS
8 KG INDUSTRIAL HAND CLEANING CREAM	1 PCS

DASHBOARD CLEANER & POLISH

Suitable to be used at plastic and rubber surfaces to achieve a clean and shiny look. It gives a new look to the discolored surfaces due to dust and long-term use. It is antistatic, repels dust. Extends the life of plastic surfaces. Helps to prevent cockpit squeaks.

PRODUCT NAME	PIECES IN BOX
500 ML DASHBOARD CLEANER & POLISH	24 PCS
500 ML DASHBOARD CLEANER & POLISH	12 PCS
5 LT DASHBOARD CLEANER & POLISH	4 PCS
10 LT DASHBOARD CLEANER & POLISH	1 PCS
30 LT DASHBOARD CLEANER & POLISH	1 PCS

FLOOR CLEANING FOAM

It is an active cleaning foam that you can use in your car seat upholstery, ceiling and floor cleaning. It also absorbs bad odors thanks to its orange and citrus scent. It is suitable for fabric, velvet and artificial leather, as well as on plastic and alloy surfaces in the vehicle interior.

PRODUCT NAME	PIECES IN BOX
500 ML FLOOR CLEANING FOAM	24 PCS
500 ML FLOOR CLEANING FOAM	12 PCS
5 LT FLOOR CLEANING FOAM	4 PCS
10 LT FLOOR CLEANING FOAM	1 PCS
30 LT FLOOR CLEANING FOAM	1 PCS

WHEEL CLEANING

Powerful wheel rim cleaner that dissolves rapidly into all types of oil. Cleans brake pad dust and stubborn dirt. Can be sprayed towards to all types of steel or alloy wheels, does not harm to any part of the wheel. It protects brake discs against rusting. Provides shine as well as cleaning. It does not contain acid.

PRODUCT NAME	PIECES IN BOX
500 ML WHEEL CLEANING	24 PCS
500 ML WHEEL CLEANING	12 PCS
5 LT WHEEL CLEANING	4 PCS
10 LT WHEEL CLEANING	1 PCS
30 LT WHEEL CLEANING	1 PCS

TYRE CLEANER AND POLISH FOAM

Cleans and achieves a glossy appearance on tires of all wheeled vehicles. Cleans the dirt that's penetrated in narrow and tight areas of the tire, gives a new shiny look. Does not harm steel and alloy wheel rims. It provides perfect maintenance for the tire. It prevents the hardening of tires.

PRODUCT NAME	PIECES IN BOX
500 ML TYRE CLEANER AND POLISH FOAM	24 PCS
500 ML TYRE CLEANER AND POLISH	24 PCS
500 ML TYRE CLEANER AND POLISH	12 PCS

30 LT TYRE CLEANER AND POLISH	1 PCS

PROFESSIONAL SPRAY PAINT

It is used in vehicles, work machines, white home appliances, and all kinds of metal and wooden surfaces and for hobby purposes. **Application:** Clean the surface to be painted from all dirt, dust and oil. The surface must be completely dry. Shake the can for 3 minutes before using. It's recommended to use the product around 25 °C and sprayed from 30 cm distance. Paint should be applied a few times as a thin layer. After the dyeing process, turn the can upside down and press the valve until the clean air comes. Otherwise the paint at the valve freezes and does not allow re-use of the product. The results will be better if the surface painted surface lays flat while drying. Drying time is 5 minutes (+25°C)

PRODUCT NAME	PIECES IN BOX
400 ML PROFESSIONAL SPRAY PAINT WHITE	24 PCS
400 ML PROFESSIONAL SPRAY PAINT MATT BLACK	24 PCS

LACQUER SPRAY

It is used for protection purposes on painted or unpainted materials such as wood, metal, ceramic and paper. It dries easily. It protects surfaces against water, humidity and solar rays, gives brightness. It does not contain harmful substances for ozone

PRODUCT NAME	PIECES IN BOX
400 ML LACQUER SPRAY	24 PCS
400 ML ACRYLIC BRIGHT LACQUER SPRAY	24 PCS

STONE CHIP SPRAY

Sprayable preservative against chippings. Re-sprayable with all lacquer systems. Anti-Rust. Resistant against the impacts of weather conditions. Sound-absorber. Remains flexible.

PRODUCT NAME	PIECES IN BOX
500 ML STONE CHIP SPRAY	24 PCS

CHROME SPRAY

It is an excellent long-lasting spray paint, which spreads out and adheres well and dries quickly. It is easy to apply and can be used for multiple purposes. Its coverage is high. It can be applied to many objects such as metals, PVC, household appliances, furnishings, stoves, car bumpers, wheel rims, bicycles etc. and it can also be used for hobby-oriented purposes.

PRODUCT NAME	PIECES IN BOX
400 ML CHROME SPRAY	24 PCS

INOX SPRAY

It has a perfect adhesion to all metals and many plastic surfaces. The surfaces must be oil free, before the application. It provides a resistant and rigid elastic insulation against scratches and bumps. It is resistant to diluted acids and bases. It gives the surface a metallic shine. It can be painted over after 60 minutes. It is getting wipe- and rubbing resistant after it dries out.

PRODUCT NAME	PIECES IN BOX
400 ML INOX SPRAY	24 PCS

BUMPER PAINT BLACK

It is an excellent long-lasting paint, which spreads and adheres fine, dries quickly. It is easy to apply and can be used for multiple purposes. Its coverage is high. It can be applied to many surfaces such as metals, PVC, household appliances, furnishings, stoves, car bumpers, wheel rims, bicycles etc. and it can also be used for hobby-oriented purposes.

PRODUCT NAME	PIECES IN BOX
500 ML BUMPER PAINT BLACK RAL-9005	24 PCS

WHEEL SILVER RAL-9006

It is used for wheel rims and other components of cars. It dries quickly and has perfect adhesion. It is weather-resistant. Varnish can be applied on it. A pretty look will be obtained thanks to the particles existing in the paint.

PRODUCT NAME	PIECES IN BOX
500 ML WHEEL SILVER RAL-9006	24 PCS

PAINT REMOVER SPRAY

It provides smoothness by easily removing the old paint before the change on the surfaces that need to be cleared of paint or to be changed color. It does not damage the surface, it prevents the damage of hard scraping processes. It allows you to effortlessly remove paint stains after whitewashing. It is also suitable for use on metal surfaces.

PRODUCT NAME	PIECES IN BOX
400 ML PAINT REMOVER	24 PCS

FOLK AND ADHESIVE CLEANING

Removes adhesive residue from operating surfaces of interlining fusing machines and irons. Preserves and reduces further sticking of adhesives to Teflon-coated belts and plates. Contains high amounts of viscous and silicone. Contains no ozone depleting chemicals. **Directions:** Shake the can before use. Spray 15-20 cm from surface. For best result, use on a warm surface. Spray till surface is completely covered. Allow 1 to 2 minutes for cleaning process to work. Remove residue with soft, absorbent cloth. Repeat procedure if necessary.

PRODUCT NAME	PIECES IN BOX
500 ML FOLK AND ADHESIVE CLEANING	24 PCS

PALETTE WARM ADHESIVE

A high quality adhesive for temporary fabric bonds. Ideal for use on sewing, quilting, embroidery, applique and craft projects. Non-Toxic. No unpleasant odors, no masking scents. Micro point spray, no misting. Its repositioning feature will not soak through fabric or paper if applied properly. Solves difficult assembly and positioning problems.

PRODUCT NAME	PIECES IN BOX
500 ML PALETTE WARM ADHESIVE	24 PCS

COLD TELA ADHESIVE CLEANING

A high quality adhesive for temporary fabric bonds. Ideal for use on sewing, quilting, embroidery, applique and craft projects. Non-Toxic. No unpleasant odors, no masking scents. Micro point spray, no misting. Its repositioning feature will not soak through fabric or paper if applied properly. Solves difficult assembly and positioning problems.

PRODUCT NAME	PIECES IN BOX
500 ML COLD TELA ADHESIVE CLEANING	24 PCS

TELA ADHESIVE CLEANING

Removes adhesive residue from operating surfaces of interlining fusing machines and irons. Preserves and reduces further sticking of adhesives to Teflon-coated belts and plates. Contains high amounts of viscous and silicone. Contains no ozone depleting chemicals. **How To Use:** Shake the can before use. Spray 15-20 cm away from the surface. For the best result, use on a warm surface. Spray till surface is completely covered. Allow 1 to 2 minutes for cleaning process to work. Remove residue with soft, absorbent cloth. Repeat procedure if necessary.

PRODUCT NAME	PIECES IN BOX
500 ML TELA ADHESIVE CLEANING	24 PCS

IRONING STARCH

Use ironing starch to avoid yellowing. Ironing starch extends fabric's life and provides excellent lubricity while ironing.

PRODUCT NAME	PIECES IN BOX
500 ML IRONING STARCH	24 PCS

SPOT LIFTER

Industrial stain remover spray. Cleans stains&spots appeared on all kinds of textile. Dry and non-smearing, non-rim effect on the surface. Can be used against lubricating oil, grease, food and color cosmetic stains and spots. Safely used on textile products, ties, synthetic textile products, cotton, wool cashmere and carpets. Doesn't harm the textile.

PRODUCT NAME	PIECES IN BOX
500 ML SPOT LIFTER	24 PCS

Cleaning

INTAKE VALVE CLEANING SPRAY

Dissolves and cleans oil and soot deposits that occur on valves, air suction line of valves and suction and diffuser valves of vehicles in a very fast way. Eliminates the dirt of black smoke discharge from engines. Increases engine air suction and performance. Increases cetane number and removes dirt that might occur in particle filter. Reduces discharge of dirty smoke from exhaust. Ensures more environment-friendly release of wastes. **How To Use:** Start the engine for 10 minutes to heat the engine. Start the engine at different cycles in a way that will not exceed 2000 cycles. Spray the product from a short distance for maximum 3 seconds. Wait for 10 seconds after you spray each time.

PRODUCT NAME	PIECES IN BOK
500 ML INTAKE VALVE CLEANING SPRAY	24 PCS

STICKER REMOVER SPRAY

It makes it easy to remove self-adhesive labels and stickers made of paper and plastic. Removes labels, adhesive tapes and residues from almost all kind of surfaces. Effortlessly removes price tags (ex: mislabeled labels.) It is used to remove address and product labels on barrels or barrels. Remove identification labels on shelves, drawers and machines.

PRODUCT NAME	PIECES IN BOK
500 ML STICKER REMOVER SPRAY	24 PCS

DIRTY OIL AND SOIL CLEANER

Solvent-based alkali-free condensed degreaser that emulates oil and dirt and mixes it with water. **Areas Of Use:** Car wash, galleries, service and reconditioning; Motor with painted surfaces (diluting), dismantled engine parts, prior to car wash for stain removal, cleaning of the parts, washing solvent and used on any surface that should be free of oil.

PRODUCT NAME	PIECES IN BOK
5 LT DIRTY OIL AND SOIL CLEANER	4 PCS
30 LT DIRTY OIL AND SOIL CLEANER	1 PCS

GASKET REMOVER SPRAY

Gasket Remover Spray removes sealing materials and hardened adhesive residues, varnishes, paints even from vertical flanges in a fast and effortless way. Removes the residues of all kinds of sealing materials on cylinder heads, oil pools, water pumps, exhaust curves, valve covers and transmission flanges. Cleans soot residues reliably and also cleans paints and varnishes. Cleans oils, resins, greases and tars. Used as paint remover for wooden restoration. This Gasket Remover Spray removes all kinds of adhesives and can be used for metals, woods, glasses, tiles, polyethylene and polypropylenes. This product should not be used for sensitive plastics such as PVC, synthetics, linoleum etc.

PRODUCT NAME	PIECES IN BOK
500 ML GASKET REMOVER SPRAY	24 PCS

EGR CLEANER SPRAY

EGR System Cleaner Spray is developed for cleaning the air suction systems of diesel engines, airflow sensors, suction manifold, EGR and turbo systems. It is recommended for suction manifold of diesel engines, intake valves, EGR valve and turbos at every service. With its powerful spray feature, cleaning process is performed efficiently. It is easy to use; cleaning process can be done within 5 minutes without any need to disassemble parts. It prevents irregular running and stalling of the engine. It improves fuel economy and motor performance. It does not harm diesel particle filter (DPF) and catalytic converter.

PRODUCT NAME	PIECES IN BOK
500 ML EGR CLEANER SPRAY	24 PCS

GUN CLEANER

While cleaning the gun by absorbing the soot and dust particles that deteriorate the slipperiness, it also protects the gun used against rust and corrosion as it repels moisture and water. It extends the periodic maintenance period. It does not contain any raw materials that will spoil the ammunition capsule. In short, it is a cleansing and protective spray.

PRODUCT NAME	PIECES IN BOK
200 ML GUN CLEANER	24 PCS

AIR SENSOR CLEANER SPRAY

It improves the decreasing performance of the airflow sensors of modern injection engines and sets them back to their defaults. It is appropriate to the environment protection rules. It includes quick-drying, sensitive cleaning naphtha solvents. It has no insanitary ingredients like chlorine, glycol, and ether.

PRODUCT NAME	PIECES IN BOK
200 ML AIR SENSOR CLEANER SPRAY	24 PCS

MOTORCYCLE CHAIN CLEANING

Fast-acting, non-permanent spray, for cleaning the lubricating oil and grease. It is suitable for all metals and metallic alloys. It dissolves all the dirt, oil and other tarred residues. It leaves no residues. It can be applied to bearing sleeves, hinges, motorcycle and industrial chains.

PRODUCT NAME	PIECES IN BOK
500 ML MOTORCYCLE CHAIN CLEANING	24 PCS

FURNITURE CLEANING AND POLISH

It cleans stain, soot, dirt and dust and also polishes the furniture without scratching wood. It provides a long-lasting and natural shine by polishing the surface. It nourishes the wooden surface and creates a thin layer on it to protect it from the external factors. The specific perfume in its formula provides a long-lasting pleasant smell in the surfaces and environments, wherever the product is applied.

PRODUCT NAME	PIECES IN BOK
500 ML FURNITURE CLEANING AND POLISH	24 PCS

MOTORCYCLE HELMET GLASS CLEANER

It is designed for cleaning of motorcycle helmets. It is used to clean the stains like oil, soot, insects stuck to the visor glass while driving and also safely applied to the inner surface of the visor without leaving any mist on the glass. It helps to provide a clear view.

PRODUCT NAME	PIECES IN BOK
200 ML MOTORCYCLE HELMET GLASS CLEANER	24 PCS

MOTORCYCLE HELMET CLEANER

It is designed for cleaning the inside of motorcycle helmets. Through its new generation formula, it is used for cleaning of stains of dirt, skin oil, sweat, etc., occurred in the inside of the motorcycle helmet. It helps to remove the bad odor that may be caused by bacteria.

PRODUCT NAME	PIECES IN BOK
200 ML MOTORCYCLE HELMET CLEANER	24 PCS

SCREEN CLEANER

It can safely be applied to shiny surfaces like TFT, LCD, LED and PLASMA TV screens, laptops, PDA screens, mirrors, microfilm reading screens, glasses. Its new generation formula provides a fast and definite cleaning.

PRODUCT NAME	PIECES IN BOK
500 ML SCREEN CLEANER	24 PCS
200 ML SCREEN CLEANER	24 PCS

TILE CLEANER

The new generation formula, designed for cleaning surfaces like tile, granite, which do not need polishing or are already polished (finished). Chemicals that can damage the joint fillers are not included in this product. It is highly soluble in water. It helps providing hygiene with its alcohol additive. It ensures an effective cleaning.

PRODUCT NAME	PIECES IN BOK
500 ML TILE CLEANER	24 PCS

OVEN CLEANER

It is designed for the effective cleaning of the industrial and household ovens. Through its new generation formula it is highly soluble in water. It provides an effective cleaning of stains like leftover food and oil.

PRODUCT NAME	PIECES IN BOK
500 ML OVEN CLEANER	24 PCS

REFRIGERATOR CLEANER

It is an antistatic cleaner, designed for cleaning of surfaces of the industrial and household refrigerators. It is highly soluble in water. It provides an effective cleaning of stains like leftover food, etc.

PRODUCT NAME	PIECES IN BOK
500 ML REFRIGERATOR CLEANER	24 PCS

PARTICULATE FILTER CLEANER

Our product ensures that all diesel vehicles with particulate filters are cleaned on the vehicle without removing the filter. It preserves the original structure of the particle filter and prevents high repair costs. It reduces soot and soot removal. The power loss caused by the soot congestion eliminates the smoke, cambus system fault records.

PRODUCT NAME	PIECES IN BOK
500 ML PARTICULATE FILTER CLEANER	24 PCS

INJECTOR CLEANER

It is a very effective spray produced from special solden mixtures for internal and external cleaning of the carburetor. It is also used to clean heavy oil and spherical carbon deposits such as suction flaps, slowed enteles, throttle, and splitter. It does not damage the oxygen sensor and catalytic convector. Since the material has a relative lubricating function, it enables the cleaned moving parts to work better. It provides great convenience in removing oil and gasoline residues for the workers who assembly and does the service-maintenance works.

PRODUCT NAME	PIECES IN BOK
500 ML INJECTOR CLEANER	24 PCS
5 LT INJECTOR CLEANER	4 PCS
30 LT INJECTOR CLEANER	1 PCS

AIR FILTER CLEANING

It is designed for the effective cleaning of filters of industrial and household air-conditioners and aspirators. It is highly soluble in water. It provides an effective cleaning of stains like leftover food stains, oil or soot.

PRODUCT NAME	PIECES IN BOK
400 ML AIR FILTER CLEANING	24 PCS
5 LT AIR FILTER CLEANING	4 PCS
30 LT AIR FILTER CLEANING	1 PCS

CONTACT CLEANING

A strong and fast, non-smearing cleaner that can be used for all kinds of mechanical and electrical parts. Improves electrical conductivity and reduces friction and wear. Moisture, rust and corrosion proof. It can be used for domestic appliances, garden, equipment, car locks, car lamp holders, plugs and zippers, hinges, locks and curtain rails in the house. It helps to reduce problems in electrical and electronic circuits. Republication may be necessary. Periodic cleaning may prolong life expectancy.

PRODUCT NAME	PIECES IN BOK
400 ML CONTACT CLEANING (NON-OIL)	24 PCS
200 ML CONTACT CLEANING (NON-OIL)	24 PCS
400 ML CONTACT CLEANING (OIL)	24 PCS
200 ML CONTACT CLEANING (OIL)	24 PCS

VEHICLE AIR CONDITION CLEANER FOAM

Vehicle Air Conditioning Cleaning Foam Spray can be used for every vehicle. If the air conditioner has pollen filter, it has to be taken off before applying this product.

PRODUCT NAME	PIECES IN BOK
400 ML VEHICLE AIR CONDITION CLEANER FOAM	24 PCS

TAR & BUG CLEANING

Tar Remover quickly infuses and safely removes road tar, tree sap and stubborn bug and bird residue from all car surfaces. It is ideal for removing tough, sticky road residues from paint, bumpers, car grills, inox and headlights.

PRODUCT NAME	PIECES IN BOK
500 ML TAR & BUG CLEANING	24 PCS
500 ML TAR & BUG CLEANING	12 PCS
5 LT TAR & BUG CLEANING	4 PCS
30 LT TAR & BUG CLEANING	1 PCS

ENGINE CLEANER

Powerful emulsifying degreaser that dissolves rapidly into all types of oil, grease and stubborn dirt from parts under the hood. Can be sprayed towards to all engine parts after turning off the electrical parts. In addition to cleaning, it also gives a shiny look.

PRODUCT NAME	PIECES IN BOK
500 ML ENGINE CLEANER	24 PCS
5 LT ENGINE CLEANER	4 PCS
30 LT ENGINE CLEANER	1 PCS
500 ML ENGINE CLEANER	24 PCS
500 ML ENGINE CLEANER FOAM	12 PCS
5 LT ENGINE CLEANER FOAM	4 PCS
10 LT ENGINE CLEANER FOAM	1 PCS
30 LT ENGINE CLEANER FOAM	1 PCS

THROTTLE BODY CHOKE AND CARBURATOR CLEANER

Throttle body choke and carburetor cleaner helps increasing carburetor performance without disassembling and keep the system clean. It decomposes residues in the carburetor quickly. It removes resin, varnish, tar and fuel stains. It does not harm catalytic convertor and oxygen sensor. It reduces hydrocarbon emissions and controls the pollutants of vehicles without catalytic converters. It saves maintenance time. It eliminates the need for wire sandpaper, avoiding any harmful impact on soft metal alloy. Aerosol 360° has top to bottom spray valve and an extension hose that enables application of needle punch that can be used by attaching.

PRODUCT NAME	PIECES IN BOK
500 ML THROTTLE BODY CHOKE AND CARBURATOR CLEANER	24 PCS
400 ML THROTTLE BODY CHOKE AND CARBURATOR CLEANER	24 PCS
5 LT BOĞAZ THROTTLE BODY CHOKE AND CARBURATOR CLEANER	4 PCS
30 LT BOĞAZ THROTTLE BODY CHOKE AND CARBURATOR CLEANER	1 PCS

STAINLESS STEEL CARE SPRAY

Cleans and polishes all stainless steel, inox, chrome, aluminum, brass, laminated plastic, enamel and ceramic surfaces and materials. Suitable for ovens, refrigerators, embedded fixed equipment, aspirators, inox parts of yacht and ships, inox elevators, parapets, simply for all stainless steel surfaces. Cleans the soil and polishes the surface. Leaves a transparent protective thin layer on the surfaces applied. Hides the scratches, reduces the dust on the surface and reduce the finger print formation on the surfaces.

PRODUCT NAME	PIECES IN BOK
500 ML STAINLESS STEEL CARE SPRAY	24 PCS
500 ML STAINLESS STEEL CARE	12 PCS
5 LT STAINLESS STEEL CARE SPRAY	4 PCS
30 LT STAINLESS STEEL CARE SPRAY	1 PCS

CHAIN CLEANING

Fast-acting, non-permanent, industrial oil and grease removal spray. It is suitable for all metals and alloys. It dissolves all dirt, oil and other tarred industrial residues. It leaves no residue. It is used to clean bearings, sliding bearings, hinges, motorcycles and industrial chains, moving parts (such as bearings, gears, etc.), parts on de-energized machines, CNC lathe and milling machines and other equipment from oil, grease and tarred dirt.

PRODUCT NAME	PIECES IN BOK
500 ML CHAIN CLEANING SPRAY	24 PCS
5 LT CHAIN CLEANING	4 PCS
30 LT CHAIN CLEANING	1 PCS

INDUSTRIAL PARTS CLEANER

It dissolves tarred oil, grease, tar and other inorganic residues in metal processing workshops, boiler rooms, repair shops, shipyards, machine maintenance shops, tank bottoms, hard surfaces, machined surfaces, linear and circular moving machine parts, machine chassis, metal parts, various metal parts and surfaces. Does not corrode metals. Good results in reduced consumption and replacement. Low odor. Safe to use on all metals and metal alloys. No residue.

PRODUCT NAME	PIECES IN BOX
500 ML INDUSTRIAL PARTS CLEANER SPRAY	24 PCS
5 LT INDUSTRIAL PARTS CLEANER	4 PCS
30 LT INDUSTRIAL PARTS CLEANER	1 PCS

BRAKE AND CLUTCH CLEANER

It cleans calipers and linings, discs, drums, brake center cylinder, clamps, springs and clutch parts in the brake system and increases the holding feature. Thanks to its special formula, it provides cleaning of grease, tar and other oils that have formed layers by combining with dust without much effort. You can also use the package by turning it 180 ° upside down.

PRODUCT NAME	PIECES IN BOX
500 ML BRAKE AND CLUTCH CLEANER SPRAY	30 PCS
500 ML BRAKE AND CLUTCH CLEANER SPRAY GOLD	30 PCS
600 ML BRAKE AND CLUTCH CLEANER SPRAY	24 PCS
30 LT FREN BRAKE AND CLUTCH CLEANER SPRAY	1 PCS
60 LT FREN BRAKE AND CLUTCH CLEANER SPRAY	1 PCS

HYDRAULIC BRAKE FLUID DOT4

This is a high quality synthetic brake fluid for hydraulic brake systems and disk clutches of motor vehicles. It provides excellent power transmission and safe engine start with its high boiling point feature. Also by the power of special additives in this fluid, the product provides maximum protection for brake system and prevents rust, corrosion and abrasion.

PRODUCT NAME	PIECES IN BOX
500 ML HYDRAULIC BRAKE FLUID DOT4	24 PCS

HYDRAULIC BRAKE FLUID DOT3

This is a high quality synthetic brake fluid for hydraulic brake systems and disk clutches of motor vehicles. It provides excellent power transmission and safe engine start with its high boiling point feature. Also by the power of special additives in this fluid, the product provides maximum protection for brake system and prevents rust, corrosion and abrasion.

PRODUCT NAME	PIECES IN BOX
500 ML HYDRAULIC BRAKE FLUID DOT3	24 PCS

GUN LUBRICATE & MAINTENANCE

Only the lubricating spray actually does the lubricating. It extends the periodical maintenance cycle. Functions as an anti-stain since it repels humidity and water. No material contains to decompose the capsule of ammunition. Briefly, it is a cleaner, lubricating and protective spray.

PRODUCT NAME	PIECES IN BOX
200 ML GUN LUBRICATE & MAINTENANCE	24 PCS

METAL FREE PASTA

A wax that does not contain grey metal and lubricates well, diminishes erosion, safely performs the duty of decomposing and providing a profound protection. Not suitable for lubricating bearings. Used universally. It is a strong and soft adhesive and does not include metallic pigments, sulfur ingredient additives and silicon. It functions as an ideal decomposer material for the fittings of stainless steel bolts. **How To Use:** Clean up all surfaces out of the residues. If possible spray with wire brushes to form a thin layer.

PRODUCT NAME	PIECES IN BOX
400 ML METAL FREE PASTA	24 PCS

SEAT BELT LUBRICANT

Makes using safety belts more comfortable by lubrication. Does not leave any traces and marks on clothes. Ensures the maintenance of safety belts. Prevents wear of belts, prevents screams and gives shininess. Does not cause stickiness. Prevents hardening of the safety belt. Delays collection of dust with its anti-static features.

PRODUCT NAME	PIECES IN BOX
SEAT BELT LUBRICANT	24 PCS

SILICONE SPRAY

Silicone lubricating spray. Can be used for car door plastics, door hinges, hull doors, belt conveyors, motor bearings and other surfaces where silicone is needed.

PRODUCT NAME	PIECES IN BOX
400 ML SILICONE	24 PCS
5 LT SILICONE	4 PCS
30 LT SILICONE	1 PCS

TEFLON MOTORCYCLE CHAIN LUBE

It maintains the motorcycle and bicycle chains. It contains Teflon and provides a perfect adhesion. It can even be applied to high performing motorcycles. It is corrosion-resistant, weather-resistant and a dehumidifier. It provides a long-lasting lubrication for motorcycle chains, hinges, flat springs, articulations, bearings, etc. It is silicone-free.

PRODUCT NAME	PIECES IN BOX
400 ML TEFLON MOTORCYCLE CHAIN LUBE	24 PCS
200 ML TEFLON MOTORCYCLE CHAIN LUBE	24 PCS

CHAIN & WIRE ROPE LUBE

It is a high quality grease lubricant that is resistant to cold and heat and can work under heavy dynamic loads. It is used in chain and sliding mechanisms. It can also be used on running machines. It has good friction properties. It also has a protective effect in addition to lubricating wire and rope constructions (such as elevators). It is also suitable for chains used on motorcycles. It is effective for a long time in the internal and external lubrication of chains, sprockets, door hinges, rails, ball bearings, rings, O and X rings, wire ropes and all kinds of dynamic joints. It can operate between -40 C and +200 C. It does not drip and has high adhesion to surfaces. It prevents corrosion and repels moisture and water.

PRODUCT NAME	PIECES IN BOX
400 ML CHAIN & WIRE ROPE LUBE	24 PCS
200 ML CHAIN & WIRE ROPE LUBE	24 PCS
5 LT CHAIN & WIRE ROPE LUBE	4 PCS
30 LT CHAIN & WIRE ROPE LUBE	1 PCS

TRANSPARENT LIQUID GREASE

General purposed, lubricant spray with fast infusion, high holding on the surfaces. Widely used in industrial areas as a general lubricant as well as at homes where lubrication needed.

PRODUCT NAME	PIECES IN BOX
400 ML TRANSPARENT LIQUID GREASE	24 PCS
200 ML TRANSPARENT LIQUID GREASE	24 PCS
5 LT TRANSPARENT LIQUID GREASE	4 PCS
30 LT TRANSPARENT LIQUID GREASE	1 PCS

SYNTETIC FLUID GREASE SPRAY

General purposed, fully synthetic grease lubricant. Special solvents allow deep infusion. Used at chain and breech bolt mechanisms. Can be used in rotating machinery parts. Suitable for rope (like in elevators), chain bowl, chain cylinder, wire rope, segment, bearing ball and all kinds of swinging mountings as lubricant and protector from inside and outside. No dripping, blocks the corrosion, water and humidity repellent.

PRODUCT NAME	PIECES IN BOX
400 ML SYNTETIC FLUID GREASE SPRAY	24 PCS

LITHIUM WHITE GREASE

It is a high quality grease lubricant that is resistant to cold and heat, can work under heavy dynamic loads. It provides deep infusion thanks to the various solvents in its formulation. It can also be used on running machines. It has good friction properties. It also has a protective effect in addition to lubricating wire and rope constructions (such as elevators). It is effective for internal and external lubrication of chains, sprockets, door hinges, rails, ball bearings, wire ropes and all kinds of dynamic joints. It does not drip; it prevents corrosion, and has moisture and water repellent properties.

PRODUCT NAME	PIECES IN BOX
400 ML LITHIUM WHITE GREASE	24 PCS

COPPER GREASE MONTAGE PASTE

Copper Grease Montage Paste spray is a mounting paste containing high quality copper grease used for easy assembly and disassembly of dynamic parts exposed to these operating conditions, at high temperatures and pressures, where lubrication is required. It prevents the parts from clogging at high temperatures and from fusing together. Temperature operating range is between -30 and + 1000 ° C.

PRODUCT NAME	PIECES IN BOX
400 ML COPPER GREASE MONTAGE PASTE	24 PCS

Engine Oil

80W-90 GL-5

80W /90, is a high-performance gear lubricant formulated from select base oils and an advanced additive system. It can be used for on-highway light- and heavy-duty trucks, buses, vans and cars. v
Place Of Use: TRANSMISSION 80W /90 provides increased protection and lubrication of the gearbox and the transaxle over a wide temperature range.

CONTENT	PRODUCT NAME	BOX/PALETTE
1 L	80W-90 GL-5 GEAR MOTOR OIL	12/50
3 L	80W-90 GL-5 GEAR MOTOR OIL	6/30

20W-50 CF-4 ENGINE OIL

It is manufactured with high quality mineral base oils and advanced performance additives far cars and light commercial vehicles working by diesel fuel which can be used confidence in ali faur seasons. **Place Of Use :** It is suitable far working under particularly difficult conditions and frequently stops and goes live vehicles. Also safely used far lubrication in light trucks, minibuses, vans, other faur-stroke engines and other construction and agricultural machines. It can be also used in some vehicles running on fuels such as gasoline and LPG.

CONTENT	PRODUCT NAME	BOX/PALETTE

ATF DEXRON III ŞANZIMAN VE DİŞLİ YAĞI

ATF DEXRON III is formulated with high quality base oils and special additives to ensure the proper operation of the automatic transmission where Dexron® (II or III) or Mercan performance is required. **Place Of Use:** It's also suitable as Power Steering Fluid. Suitable for use in transmissions of trucks, buses and public works machineries when a fluid type ALLISON C4 is required.

SAE 140 GL-1 ŞANZIMAN VE DİŞLİ YAĞI

They are gear oils produced for use in automotive gearboxes operating at normal load and speed, where there is no excessive pressure, and where API GL-1 level oil is recommended. **Place Of Use:** Are designed for use in automotive and heavy duty equipment transmission, axles and differentials where an EP (extreme pressure) lubricant is not required and where an API GL-1 gear oil is specifically called for by the equipment manufacturer.

CONTENT	PRODUCT NAME	BOX/PALETTE

TRUCK FLUID 422

TRUCK FLUID 422 is multi-purpose universal tractor transmission oil (UTTO) which is crafted with highly refined mineral base oils and additive packages. It can be used for agricultural and construction machines power transmission units, oil-bath brakes, hydraulics, gears, axles and other transmission systems. It shows very good performance in powertrain of moving equipment, drive axles, clutches and the PTO & hydraulic systems. **Place Of Use:** High performance TRUCK FLUID 422 oil is suitable to use for diesel / gasoline engines (STOU).

4T 20W-50 MOTORCYCLE OIL

4T 20W-50 is a premium quality motorcycle oil prepared from well-refined mineral base oils. **Place Of Use:** It can be safely used in four-stroke and high-performance air or water-cooled motorcycles for all seasons. It is also suitable for European and Japanese made motorcycles where API SJ and / or JASO MA2 specifications are recommended.

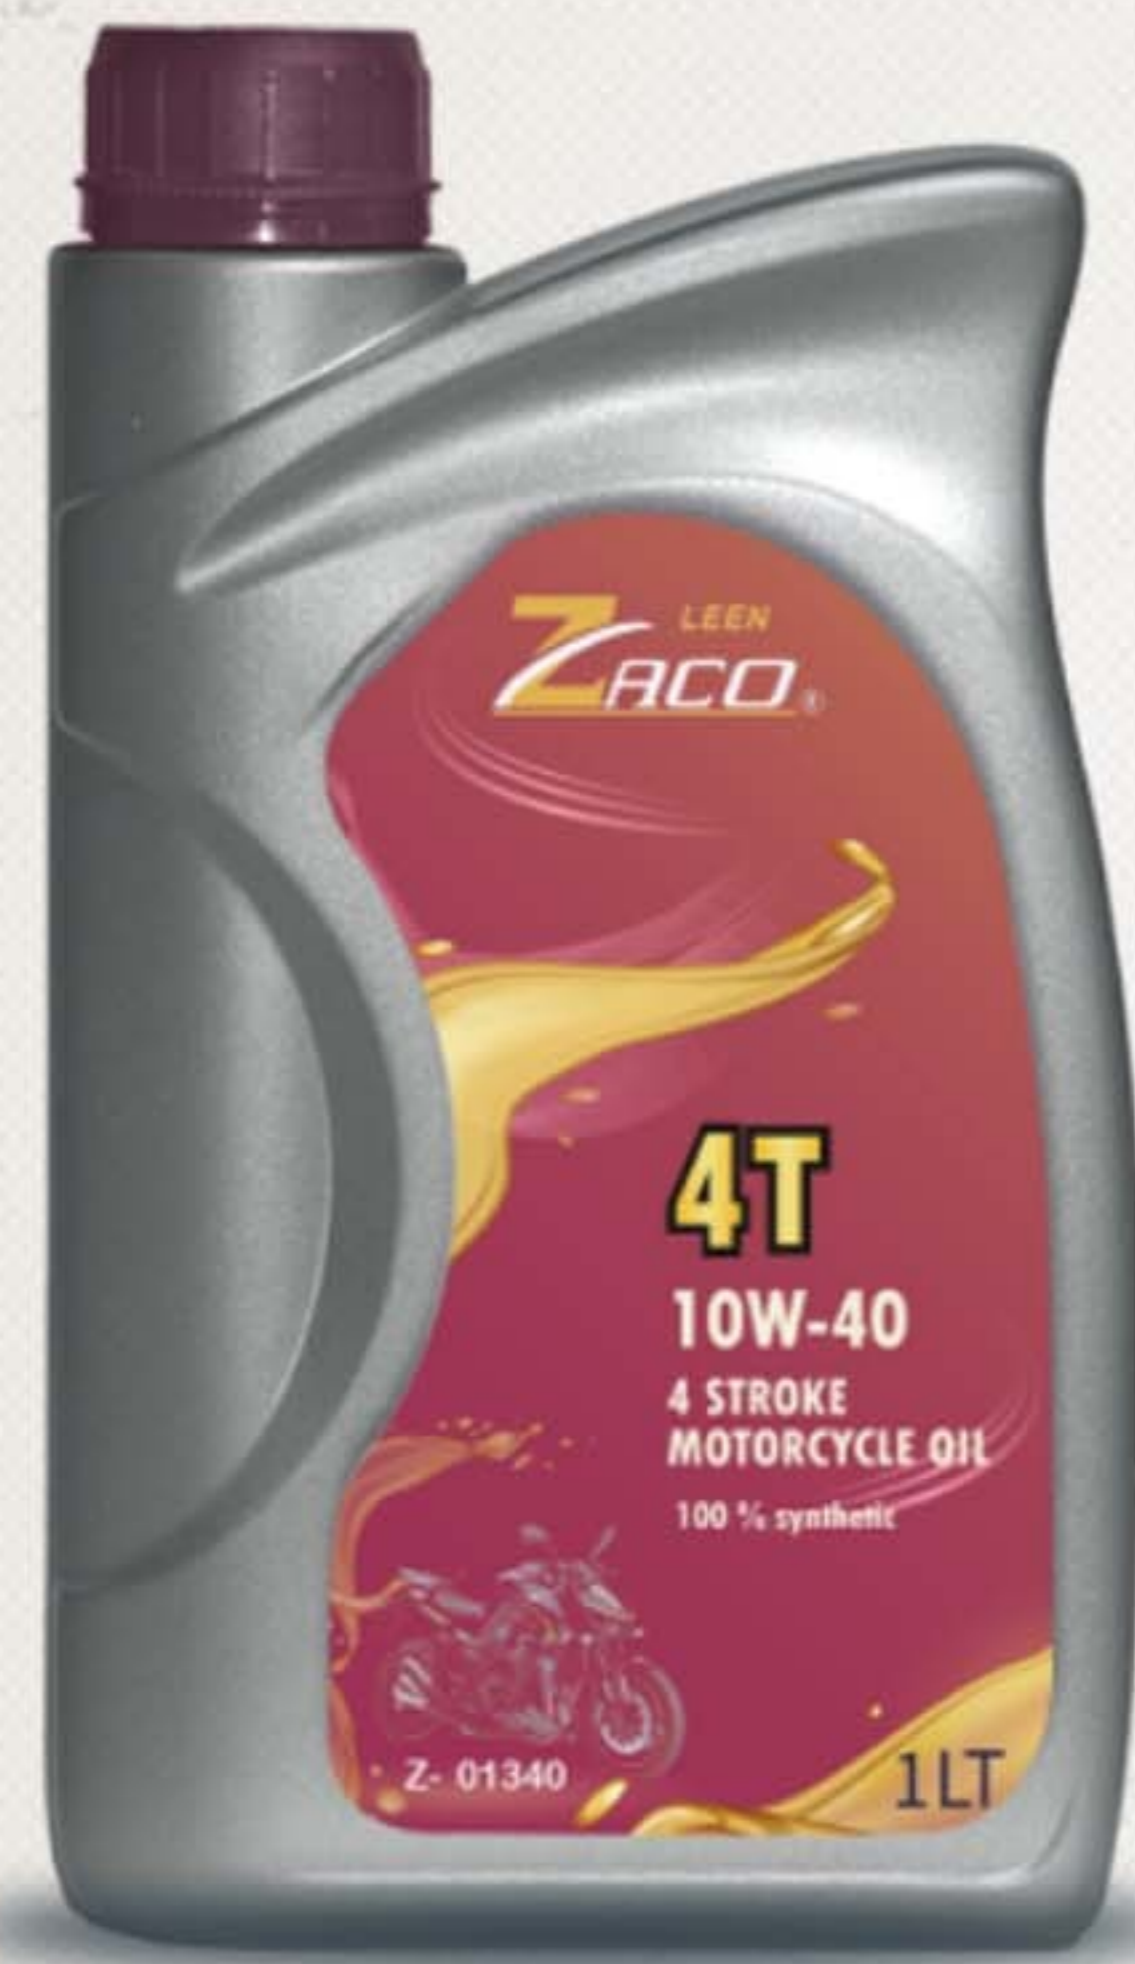

CONTENT	PRODUCT NAME	BOX/PALETTE
1L	4T 20W-50/MINERAL MOTORCYCLE OIL	4/50

4T 15W-40 MOTORCYCLE OIL

4T 15W-40 is a premium quality motorcycle oil prepared from well-refined mineral base oils. **Place Of Use:** It can be safely used in four-stroke and high-performance air or water-cooled motorcycles for all seasons. It is also suitable for European and Japanese made motorcycles where API SJ and / or JASO MA2 specifications are recommended.

CONTENT	PRODUCT NAME	BOX/PALETTE
1L	4T 15W-40/MINERAL MOTORCYCLE OIL	4/50

4T 10W-40 MOTORCYCLE OIL

4T 10W-40 is a high quality synthetic motorcycle oil prepared with advanced technology additives. **Place Of Use:** It can be safely used in four-stroke and high-performance air or water-cooled motorcycles for all seasons. It is also suitable for Japanese and European production motorcycles where API SL and / or JASO MA / MA2 specifications are recommended.

CONTENT	PRODUCT NAME	BOX/PALETTE
1L	4T 10W-40 MOTORCYCLE OIL	4/50

2T MINERAL MOTORCYCLE OIL

2T is specially designed to provide high performance for use in motorcycles, go-karts and all other two stroke engines. **Place Of Use:** It is used in air or water-cooled two-cycle engines, motorcycles, lawn mowers and agriculture tools. Use fuel/ oil ratios as specified by the engine manufacturer up to a maximum of 50:1.

CONTENT	PRODUCT NAME	BOX/PALETTE

20W-50 SG/CD ENGINE OIL

20W-50 is all-season mineral engine oil which is prepared by refined mineral base oils and advanced technology performance additive packages to respond the lubrication need of modern high speed and high efficiency turbocharged engines. **Place Of Use** : it is a four-season engine oil that prevents the formation of sediment and accumulation in hot and cold, and is recommended for use in LPG and mid-level diesel vehicles.

20W-50 SL/CF ENGINE OIL

It is a gasoline engine oil produced by blending high quality base oils with high performance additives. **Place Of Use** : Engine oil that can be use by confidence for four seasons especially heavily used gasoline and LPG vehicles in urban traffic.

CONTENT	PRODUCT NAME	BOX/PALETTE
5L	20W-50 SL/CF Engine Oil	4 /40

15W-40 SG/CD ENGINE OIL

15W-40 is all-season mineral engine oil which is prepared by refined mineral base oils and advanced technology performance additive packages to respond the lubrication need of modern high speed and high efficiency turbocharged engines. **Place Of Use** : It is a four-season engine oil that prevents the formation of sediment and accumu-lation in hot and cold, and is recommended for use in LPG and mid-level diesel vehicles.

15W-40 SL/CF ENGINE OIL

It is a gasoline engine oil produced by blending high quality base oils with high performance additives. **Place Of Use :**It is an all-season engine oil that shows effective performance in gasoline and LPG vehicles and passenger and commercial diesel engines, which are used extensively in urban traffic.

CONTENT	PRODUCT NAME	BOX/PALETTE
5L	15W-40 SL/CF Engine Oil	4 /40

10W-40 SM/CF ENGINE OIL

It is a semi-synthetic motor oil, enriched with synthetic oils and synthetic technology. **Place Of Use :**It is recommended for all kinds of high performance modern vehicles, passenger cars, gasoline engines with multi-point fuel injection, SUV and off-road vehicles. It is recommended not to use any additives with this oil. Recommended for use in vehicles without diesel particulate filters (DPF's) and gasoline catalytic converters (CATs).

CONTENT	PRODUCT NAME	BOX/PALETTE
5L	10W-40 SM/CF Engine Oil	4 /40

10W-40 SL/CF ENGINE OIL

Is formulated with a combination of synthetic and premium quality base oils and advanced additive which is high-quality semi-synthetic multi-grade engine oil. **Place Of Use :**Gasoline, diesel and LPG engines of passenger cars, small commercial vehicles, light trucks and vans with or without turbocharger.

CONTENT	PRODUCT NAME	BOX/PALETTE
5L	10W-40 SL/CF Engine Oil	4 /50

5W-40 SN/CF ENGINE OIL

Is full synthetic engine oil for new generation engines which is developed with high performance additives and synthetic base oils. **Place Of Use :** It is made with a proprietary blend of leading edge components formulated to be fully compatible with the latest Diesel Particulate Filters (DPF's) and Gasoline Catalytic Converters (CAT's).

CONTENT	PRODUCT NAME	BOX/PALETTE
